

# Food Labeling Overview

# Nutrition Facts Reformation & Transformation

## 2 interactive programs to choose from:

**Basic Food Label Training**  
**Thursday Sept 21, 2017**  
**9am—4:30pm**  
**\$850 per person**

A 1-day overview of the US FDA regulations for adult foods with nutrition facts panels. Get an introduction to nutrient content claims regarding “good source” or “packed with” along with guidance in choosing the properly labeled serving sizes. Activities will show how to create basic ingredient lists, select a product name, find the minimum font sizes.

**NFP 2016 Update**  
**Friday Sept 22, 2017**  
**9am –12noon**  
**\$385 per person**

Back-of-pack nutrient changes will be at the front of customer inquiries, enforcement, and potential litigation for millions of USA products. In this ½-day session, learn through relevant case studies, what lies ahead of you to meet the 2016 Federal Register announced labeling regulations. See what changes to nutrient definitions will affect label claims when switching to the new regulations. Course covers the FDA 2016 Nutrition Facts updates & requires prior regulatory training.

## Presented by Debra KW Topham, MS, CNS, CFS

Knowledge Bank provides “health checkups” for food and supplement labels to comply with FDA, USDA, and FTC regulations. Debra is the Director and 30-year veteran with Fresh&Easy Neighborhood Market, Nutrilite, and now the upcoming software launch of ReviewQ.

Knowledge Bank reserves the right to cancel the programs and refund registration fees if enrollment is low. Attendees may cancel up to 7 calendar days before the event less a \$50 processing fee or send a professional replacement from the same company.
